To: *The Honourable Justice Lynne C. Leitch and Commission Members:*

Thank you for the opportunity to provide input during the community consultation process, prior to the release of the Commission's final report on October 10. We are pleased that the Commission revised some of its recommendations for Scarborough, in response to the many Scarborough voices who spoke with passion about the community we are proud to call home.

These improvements, however, do not apply to Scarborough Centre, which is concerning.

Scarborough Centre, whose present boundaries are completely within Scarborough, and which remained completely within Scarborough in the Commission's initial recommendations, is now radically different. Only 55% of the redrawn riding of Scarborough Centre Don Valley East is in Scarborough and 45% of the riding is in North York.

We have been speaking with Scarborough Centre residents who are upset that such a radical change in the complexion of this riding has been made without any opportunity for community consultation.

The attached online petition, prepared on short notice by SCRO, which has 795 signatures and 17 comments, outlines the major asks of residents of this riding:

- 1. That communities of interest within the riding be kept together; not just Scarborough as a community of interest, but also the large Muslim community centred around Midland Avenue and Lawrence Avenue.*
- 2. That such a substantial change to the riding's historical boundaries – and to the proposed boundaries in the Commission's initial report – not be made without an opportunity for public consultation.*
- 3. That the new riding boundaries be redrawn to give the riding a strong Scarborough focus.*

While the Commission's final report is an improvement on the initial proposal, the radical change in the Scarborough Centre riding should be reconsidered, to respect the heritage and demographic characteristics of the riding and to ensure that Scarborough's collective voice can continue to be properly heard in Parliament.

Sincerely,

Calling all residents of Scarborough Centre! We must act by March 13!

On February 10, the Federal Electoral Boundaries Commission for Ontario released its final report. Some of the most devastating proposals for Scarborough in the Commission's initial proposal were rewritten in the final report. In the initial proposal, Scarborough's representation, which is presently six seats, all within Scarborough's historical boundaries, was reduced to five seats. In the final proposal, Scarborough's representation is increased to about 5½ seats.

However, Scarborough Centre has been profoundly changed in the Commission's final report. Almost half the riding is now in North York. This is radically different from what was proposed in the initial report and has been done without public input.

Scarborough Centre residents are requesting:

1. That the communities of interest within the riding be kept together; not just Scarborough as a whole, but also the large Muslim community centred around Midland Avenue and Lawrence Avenue.

2. That such a substantial change to the riding's historical boundaries – and to the proposed boundaries in the Commission's initial report – not be made without an opportunity for public consultation.
3. That the new riding boundaries be redrawn to give the riding a stronger Scarborough focus.

Scarborough Centre residents are proud residents of Scarborough and want to remain represented by political representatives who share that Scarborough pride.

Please sign this petition quickly! We only have until March 6. While no more community consultations are planned, MP Salma Zahid has one opportunity to file objections before a Parliamentary Committee.

Please write the Federal Electoral Boundaries Commission at ON@redecoupage-federal-redistribution.ca and copy Scarborough Centre MP Salma Zahid at Salma.Zahid@parl.gc.ca.

This is our last opportunity to influence the outcome of this important matter that Scarborough Centre will have to live with for at least the next ten years.

Terry Kushnier	Toronto	M1R 4T1	"This is more a case of change for the sake of change, with residents reduced to a simple numbers game, than careful consideration of the actual communities affected. Given the expected boom in housing construction and zoning changes within the current riding boundaries, the justification for the new proposed ridings is likely to disappear before the next assessment takes place in a decade, as intensification will substantially increase population within the traditional Scarborough borders. In my area, the proposed re-draw doesn't make sense for Don Valley East or Scarborough Centre."

Gillian Mason	Toronto	M1P	"I have lived proudly in Scarborough Centre for 6 decades and I do not want to see the important Muslim community to be split in two, nor to lose our riding's Victoria Park boundary and be melded with North York communities. This is not the option we advocated for last year, and creates more problems. Before any new changes are made, we need to be consulted. Thank you."
